Complete Mobile connection

# Complete Mobile connection

THE NEW TRAVELMATE 240 SERIES HAS BEEN DESIGNED TO FULFIL THE NEEDS OF OUTBOUND AND MOBILE BUSINESS USERS FROM SMALL AND HOME OFFICES IN ADDITION TO SMALL AND MEDIUM SIZED CORPORATIONS, LOOKING FOR AN ALL-IN-ONE MULTIMEDIA WORK TOOL THAT OFFERS LONG LASTING MOBILITY AND THE GENEROUS BENEFITS OF FLEXIBLE CONNECTIVITY AND FUNCTIONAL SECURITY. THE COMPACT, FULLY INTEGRATED TRAVELMATE 240 SERIES OFFERS MULTIMEDIA POWER AT AN AFFORDABLE PRICE.

## Integrated features

The compact chassis of the TravelMate 240 integrates all storage media types, allowing for simultaneous use of FDD, HDD and the optical drive without the disturbance of external devices. It is also equipped with a large number of I/O ports: serial, parallel, USB 2.0, audio, modem, Lan etc. Everything is immediately on hand for quick connections, allowing you to fire up, hook up and perform.

These features, together with the integrated flexible Ethernet LAN connection also provide users with trouble-free preload set-up, updates and OS or application migration from a master server.

## Anytime, Anywhere Communication and Connectivity

Designed for reliability and ease-of-use while on the move, the TravelMate 240′s integrated 56Kbit/sec fax modem offers dial up connection to the Internet, and to application and email servers in the home network via Remote Access Servers. In the office, it offers hassle-free connection to the local network to access distributed and central applications, and to the ADSL uplink to the World Wide Web, through the integrated flexible 10-Base-T / 100-Base-TX network card.

## Intensely active, outbound work

The most highly evolved areas of today's outbound business environments demand dynamic and altogether diverse working potential. Professionals from a variety of backgrounds, ranging from sales people and service staff to freelance consultants, need a high-performance 'work companion' that provides enough power and multimedia features for making everyday work applications like word processing, spreadsheets, mail and web browsing.

## Total Multimedia Mobility

The 2.6-GHz Intel® Celeron-equipped TravelMate 240 series goes toe-to-toe with Pentium 4 notebooks in terms of performance, and also delivers a wealth of desirable features for seamless integration with all kinds of audio, video or data multimedia applications, offering a brilliant 14,1" or 15" XGA TFT display for comfortable long-term use, 256MB SDRAM standard (upgradeable to 2048MB with 2 slots), a 20GB/30GB/40GB Enhanced-IDE ATA-100 hard disk drive and either a CD-ROM, DVD-RW or DVD/CD-RW combo drives to meet all optical-storage needs.

It also features loud, clean-sounding stereo speakers driven by the MS-Sound System compatible chipset and two Type II PC Card slots for additional storage or peripherals.

## Dynamic usability

The TravelMate 240 offers a variety of integrated mobile options with outstanding computing flexibility for serious professionals whose strategic areas of work take them outside a normal office environment. Featuring a wealth of highly functional multimedia and connectivity features in a compact chassis to keep TCO to a minimum, the TravelMate 240 provides all you need when you need it, even during the most challenging conditions.
